Special Memories:
The wedding took place during the COVID-19 pandemic and the outdoor venue at Sanctuary created a magical and unique setting. The couple initiated a "progressive concept" with the ceremony taking place on an edgeless lawn at a private residence at the top of Camelback Mountain. The reception and dinner followed on the resort's Paradise Views Patio and Lawn and dancing happened in the Views Ballroom. The wedding felt like a whimsical fairytale that came to life thanks to the excellent staff at Sanctuary and remarkable vendors.
